Days

# Your invitation to a very special Zünd event

## Experience the future!

Under this motto, we would like to welcome you to Zünd headquarters in Altstätten, Switzerland, September 19 - 21, 2017. Take advantage of our Zünd Experience Days to discover the entire product palette - Zünd cutting solutions, material-handling systems, software and workflows.

Zünd Experience Days 2017 will give you an opportunity to experience firsthand how Zünd cutting systems produce

high-quality results and create real added value.

### **Generate new ideas for your business**

In real-life, hands-on presentations, we will show you how to incorporate our modular solutions in your production workflow and achieve even greater productivity while gaining access to new, value-generating applications.

The Zünd Forum will provide ongoing short presentations

# Zünd Experience Days Sept. 19 - 21, 2017 Altstätten, Switzerland

on a variety of relevant, industry-specific topics.

### **Meet the experts**

Participate in organized factory tours. Exchange ideas with our product management team. Let us inspire you with the Zünd passion for precision and quality. Network with Zünd users from all over the world. Meet representatives from leading digital printer manufacturers. Consult with experts on such topics as co-

lor management, digital workflows and RIPs.

Sightseeing tours and excursions into the spectacular Swiss Alps round out the program.

### **Dinner program**

Over an elegant dinner, exchange ideas with industry colleagues and establish new connections. Our evening program will provide excellent opportunities to go over the day's highlights with fellow attendees.

## Additional information

### **Complete information on Zünd Experience Days 2017:**

Find all Details regarding the event and programs offered at [www.zund.com/en/experience-days-2017](http://www.zund.com/en/experience-days-2017).
